An InCaged UpDate;

On Feb 5th 2010 InCaged was written an inJust disciplinary case by an officer Skinner, who denied InCaged his rec, Shower & breakfast. Ranking officials refused to investigated the circumstances on what created the proble allowing officer (Skinner) to lie in a disciplinary ca as an attack upon InCaged for requesting to speak wit a Sergeant. On Feb 9th InCaged was Passed, moved to F-Pod cage 76 made to sleep on the floor wear ing nothing! —— this injustice & abuse of authority begin the protest & hunger Strike...

Since: On Feb 18th 2010 I was informed, Major Smit wished to speak with me. As I walked toward Smith office, Lieutenant Duff who has been investigatin the circumstances Asked the escorting officers to allow him t speak with me inside his office. I sit patiently, as Du looks through his Papers— Finally he say "Daryl Whea fall I don't give a fuck! about you but, I do care abo ut the truth I believe you're telling the truth". Even the Supporting words of Duff isn't enough when he's not the head man running the show. Speaking with Major Smith, nothing w accomplished from our discussion.

Smith, wanted to know why I was on hungrun Strike? I pointed out, theres to much Procedural abuse allowed to go on by guards & ranking officer — Guards create the problem by violenting Procedure this cause a Prisoner to re act to what the guard has done. Now the Prisoner reaction becomes (the Problem) When the Sergeant arrives, he won't acknowledge what created the problem — he'll only recognize the Prisoner's actions.

The guards actions never matters, only the actions of the Prisoner. The guard writes the disciplinary case against the Prisoner who'll be Punish behind a lie & a problem created by the guard. After explaining this to Major Smith, in Smith's opinion it's the Prisoner word against his officer's word. Why would a Prisoner create a problem when he hasn't been disruptive, haven't received a disciplinary case going on two years major Smith?...

Smith Stated, it doesn't matter that a Prisoner haven receive a case in two years, at anytime a Prisoner's behavior may change. Both Capt Stinger & Lieutenant Duff listens, Saying nothing observing the discussion. The Major seem more interested with Incased's hunger Strike moreso than acknowledging the truth Surrounding the guards violenting Procedure. Smith made it clear, his guards (were doing as he instructed them to do so) Wait, give me time to look off into this Wheatfall...

At that moment, the words of a great man (Martin Lutherking) ring out inside my head "I've never yet engaged in a direct action movement that was well timed according to the timetable of those who have not Suffered unduly from the diseases of Segregation for years now I've heard the word "wait"

Before leaving I made my intentions clear to major Smith. I would not continue accepting procedural abuse, not when I'm following procedures as policy instructs me to do so, i.e, offenders Should always try to Solve your problems with Staff first, if the incident cannot be resolved offenders are to request the Supervising officer. If the Supervising officer cannot resolve informally offenders are to Submit grievance...

These Steps were taken when trying to get my rec ever be

Clear to Smith, who was Supporting his guards actions
they were only doing what he told them to do. I made
it Clear, no matter the cost or how much I had to suff
my non-violent protest would continue.

Since; Feb, 9th 2010 the morning inwhich I was gassed,
& remove by a five man extraction team. thrown into a dark
cage for 3 days with nothing on, no Shower for 3 days.
I was taken to disciplinary/ A.K.a kangaroo court on Feb
11th found guilty afterward I refused to walk back to the
cage I'm housed in; coming from the Shower I've sat down on
the run, clicked the handcuffs refusing to return them, once the
team arrive the cuffs were returned — The day I left main
Smith's office I sat in the hall way refusing to walk unde
my own Power. A Statments to this administration, I refuse
to be abuse by guard violenting Procedure — this Protest
is to generate attention to the problem. I ask, you to Supp

the newest issue, this issue explains how Prison off
icials are abusing their authority where I, was Punishe

The grievance written against this injustice proved I wasn't guilty of destroying state property as the disciplinary case written against claim I did. This incident expose the abuse myself & other prisoner's are subjective to through nonobjective biased / prejudice by ranking officials who ignor the facts.

Please take time to learn about whats going on by reading "The Psychological Affect of Life" it shares an insight of the injustice taking place behind these walls of Polunsky unit home for death row prisoners. Your support will allow Incased, to help many learn how prison officials here on the Polunsky unit are supporting officers who create problems once an inmate reacts angerily / disrupted, disturbed over the guard(s) actions — he'll be punished. As a form of punishment officials are now embellishing fictional violention to take away prisoners pre personal property Typewriter, Radio, Hot pot, fan, multi-outlet etc. My Typewriter was taken in 2008 questioning proof of ownership, when I went to look where I keep my property slip for my typewriter it w gone! ...

outlet Now the property officer Ms. Smith has taken away my multi- questioning ownership & when I went to get my ownership papers it was gone!. Heres a fact, in 2008 octobe my property was taken away everything I owned. My typewriter & radio confiscated under proof of ownership — yet my multi-outlet wasn't taken, now (2) years later it's confiscated under proof of ownership ? Doesn't this explain why guards are allowed to create problems against prisoners ?

Abuse of authority is clearly reveal inside these actions and ranking official are abusing their positions; Just as police officers & city officials done during (1963) —

In Birmingham Albabama against thousands of Children in a march lead by (Martin Luther King Jr.) Police officers used high power water hoses, billy clubes & guard dogs was released upon innocent Children. Here on Polunsky unit, deliberate problems are created where Prisoners Property is stole once inside unit Propertyroom. ownership papers are taken, Prisoners are prevented from showing ownership, either the Property is sent home or lost to the state under Policy violention.

Incaged would like to challenge the Anti-death Penalty communities (TCADP, TDPM, CEDP, LHP, CTA Alive, PRC) this is just the few mention. I ask you to seek the truth — through the many death row Prisoner those of you are exchanging letters with. Discover if their Property was taken away from them questioning ownership when attempting to show owership papers — it was miss. Incaged, has been on hunger Strike for (13) day Since Feb, 9th until the 21st today, I've not eaten. Prison officials refused to acknowledge my hunger Strike the first (6) days officials begin to record my Strike Feb, 14th, all my personal envelopes were taken preventing me from communicating with the outside world...

Incaged, ask that you become involve Now! Help Shine the light of truth on the corruption taking place behind these walls of the Polunsky unit. Share this information encourage others to join in a Struggle for justice!

"We know through painful experience that freedom is never voluntarily given by the oppressor; it must be demanded by the oppressed"...

Encouraging words by M. L. King Jr pushing Incaged forward as I continue this hunger Strike seeking to shine a light to whats taking place behine these walls on the Polunsky unit — home to death row. As the hunger strike continue so will an update Sharing details with whats going on.

Dated Feb 16th 10

How do I begin a voice inside my head asks? (2010) Suppose to be our year of Success. Mardan's books is doing wonderfully, thanks to her books so many now see the ugly picture of the (DP) death penalty & life on (DR) death row. We've hired investigator Richard Reyna to investigate my case, this was done from the support given by the many of you who supported Mardan's books (Thank you, for believing in us...

It's a beautiful way to start off the year. Special thanks goes to the hand full of you who reached out, seeking to become involve in my life, to hold a friendship — to become a family. No need for names you know who you all are. This open letter is to inform those involved in my life I'm now a (Level-3) on hunger Strike being housed on F-pod cage 76 over a guard refusing to give me my daily 2 hours rec... I've been made to sleep on the floor for 3 days wearing nothing! from Feb, 9th 2010 until the 12th I didn't have anything to cover my body.

Yes. the floor was very hard & uncomfortable, after the first night my mind accepted my reality this allowed me to deal with my conditions as best as possible. Since this incident happen, I've refused to eat. I can't continue trying to work with ranting officials & guards who isn't responsible for their actions that cause/ creates an reaction by prisoners who is only trying to do their time.

It's day (3) haven't eaten anything!, not planning to do so for a while — Why? my Suffering may generat interest for the many of you to ask questions to seeks to understand the abuse of power by unit administration & guards ...

No. I don't know how long I'll be able to Sustain my hunger strike, I'm lightheaded & weakon as I written "Let me not be misunderstood Strength does not come from Physical Capacity; It comes from an indomitable will" words of Mahatma Gandhi ... Yes, I'm concerned about my health & what this act will do to those concerned for me. None of us asked for this, nonetheless We must accept this Challenges & hard work that comes with this Struggle — We have to let our voices be heard letting Prison officials know the people is watching! & will not accept policy violation & procedure abuse ...

This is why I'm willing to suffer, fight! to Slow down! the injustice taking place behind these walls of the Pelunesty unit.

What happen?

on Feb, 5th 2010 I'm forced to place my foot into the food slot preventing the guard from closing the slot. ~~Rec is~~ rec is control by first shift, many guards look for ways of how not to do their jobs. From (6:55/7:00) clock in the morning is when the first prisoner is being pulled out for rec— but the guards arrive at 6am. The first round will be left in the dayrooms & yards for 2 & half hours, placed ~~into~~ back into their cages 9:45/10:00 clock... After

Every one is rack-up no one is placed out until 3 hours later. Ranking officials ~~will~~ inform guards to rack-up everyone to feed, this act cause a delay in allowing all (84) inmates their (2 hours) a day recreation. A problem I've been made to endure, ~~by~~ Since october 23rd 2009 this forced me to write a grievance again first shift officers for failur to follow the rec scheduling order. My reply stated "The recreation Schedule is a guide, not a requirement. The schedule is followed when possible; deviation is not a violation".

This reply only states officers are allowed to do whatever they wish. The answer I receive on my step-2 grievance stated "your step 2 grievance has been investigated Recreation is provided per Policy & as as Security issues permit. Administration is aware of your complaint & will continue to monitor

recreation access"... This grievance states recreation is being provided to me per policy - if so I should not be made to take a food slot on Feb, 5th 2010, trying to get my rec

On This day Feb 5th 2010 shift changed, officers Skinner, Ramirez & James came on they only had to finish feeding (4) Section & 1½ rounds of rec to be put out. From 6:pm/ to 6:35 all(3) guards are just sitting inside the picket talking. From 6:35 Skinner & Ramirez finished feeding. I ask Skinner what dayroom was I going to as she passed out trays — you're not, I'm only doing one round. Let me speak with Some rants — my quest is totally ignored. As trays are being picked up I check the slot & requested to speak with some rants - Skinner, fine!, keep the damn slot no body will rec nor shower because of you. From 7:13 until 8:10 no rank was call & no work was done.

When Sgt Miller showed up, he wouldn't listen only repeating what Skinner said. Giving up the fight After the Sgt leaves, I ask Skinner about my shower. Skinner states I'll receive my shower once the rec's have receive their's

I never received a shower, when I asked officer Ramirez he stated I was disrespectful to Skiner, Skinner's reason for not showering me. At breakfast time I was denied my breakfast & given a food loaf.... I was never disrespectful to Skinner. Feb 6th I spoke with the LT, [redacted] Charlie, She supported the act commited by Skinner. At 6:45 on Feb, 8th I was told I would be moving to F-pod CAge 63 I refused to move I would be gasse & thrown into cage 76 without anything to [redacted] weare.... Please read thrugh these errors, the lack of food is effecting my focus — I'm very weeks. This is day #6 of my hunger Strike, I'm Sleeping All day, I've to force myself to get up & move around.

Today Feb 14th 2010 I sit down on the floor & demanded to speak with some rank. unit official refuse to acknowledge my (HS) For (6) days no records has been kept nor have I been seen by the Medical department. After explaining this to Sgt William, I was taken to be checked by Nurse Dunagan, I weight 183, my blood pressure 177/108 it's high! After checking me over this unit still won't acknowledging my (HS)
